

Defect Tracker

Website: Buggy car rating

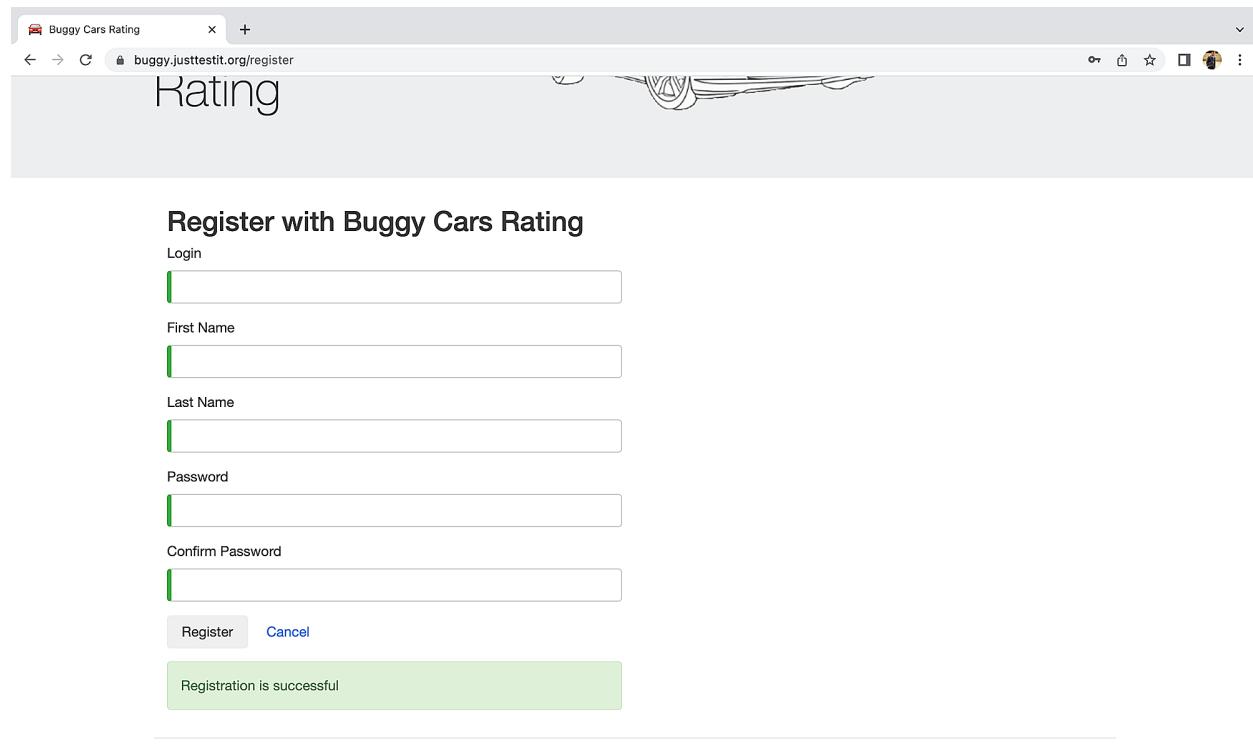

Source url: <https://buggy.justtestit.org/>

1) Title: Post successful registration user stays in registration page

Expected Behaviour: Post successful registration user should land on appropriate page

Example : Logged-in home page

Priority: High (P2)

The screenshot shows a web browser window with the title 'Buggy Cars Rating'. The URL in the address bar is 'buggy.justtestit.org/register'. The page content is titled 'Rating' and features a decorative header with a car illustration. Below the header is a registration form titled 'Register with Buggy Cars Rating'. The form contains five input fields: 'Login', 'First Name', 'Last Name', 'Password', and 'Confirm Password'. Each field has a small green vertical bar on its left side. At the bottom of the form are two buttons: 'Register' and 'Cancel'. A green horizontal bar at the bottom of the page displays the message 'Registration is successful'.

Southern Cross Assessment - Defect report

2) Title: Error Validation Text for Last Name is incorrect

Expected Behaviour: "Last Name is Required" should be the error text for Last Name

Priority: Medium (P3)

The screenshot shows a web browser window with the title 'Buggy Cars Rating'. The URL in the address bar is 'buggy.justtestit.org/register'. The page displays a registration form titled 'Register with Buggy Cars Rating'. The form fields are as follows:

- Login: Contains the letter 'a'
- First Name: Contains the letter 'a'
- Last Name: An empty input field with a red validation error message below it: 'Last Name is required'.
- Password: Contains a single dot ('.')
- Confirm Password: Contains a single dot ('.')

At the bottom of the form, there are 'Register' and 'Cancel' buttons. A red banner at the bottom of the page displays the error message: 'InvalidParameter: 1 validation error(s) found. - minimum field size of 6, SignUpInput.Password.'

Southern Cross Assessment - Defect report

3) Title: Backend response error is displayed instead of Valid Error Text Message

Expected Behaviour: Valid error text message should be displayed

Example: Password must be a minimum of 8 characters

Priority: High (P2)

The screenshot shows a web browser window with the title "Buggy Cars Rating". The URL in the address bar is "buggy.justtestit.org/register". The page displays a registration form titled "Register with Buggy Cars Rating". The form fields are as follows:

- Login: Contains the letter "a".
- First Name: Contains the letter "a".
- Last Name: An empty input field with a red border. Below it, a red error message box contains the text "First Name is required".
- Password: Contains a single dot (".").
- Confirm Password: Contains a single dot (".").

At the bottom of the form, there are two buttons: "Register" and "Cancel". Below the form, a red error message box displays the text: "InvalidParameter: 1 validation error(s) found. - minimum field size of 6, SignUpInput.Password.".

Other Defects in the Application:

4) Title: User profile visible even after log out action - Security Issue

Expected Behaviour: User should not be able to view the user profile page after logout

Priority: Critical (P1)

The screenshot shows a web browser window for the 'Buggy Cars Rating' application. The URL in the address bar is 'buggy.justtestit.org/profile'. The page title is 'Buggy Rating'. At the top right, there are 'Login', 'Logout' (highlighted in green), and 'Register' buttons. Below the header, the page has a logo 'Buggy Cars Rating' and a drawing of a car.

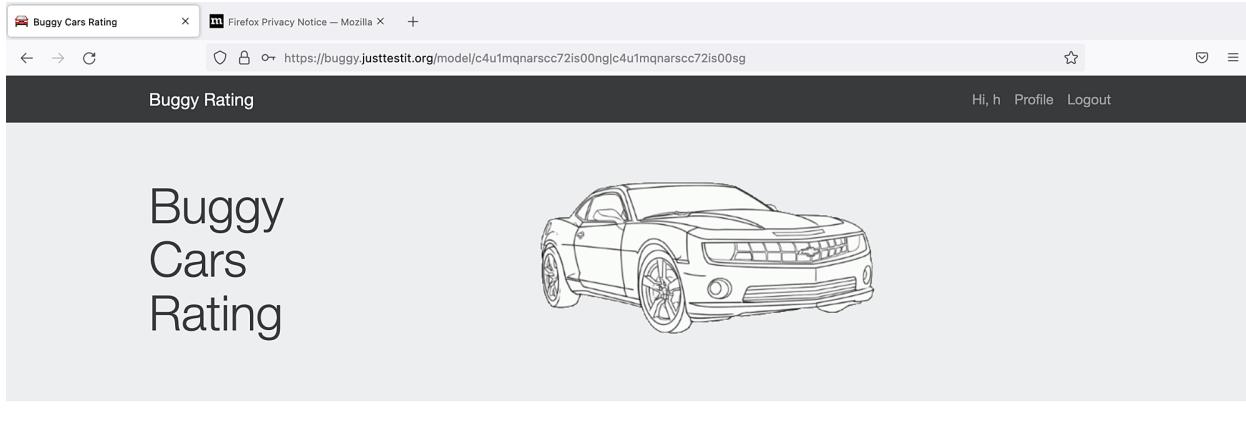

The main content area contains three tabs: 'Basic', 'Additional Info', and 'Additional Info' (repeated). The 'Basic' tab is active, showing fields for 'Login' (containing 'h'), 'First Name' (containing 'h'), and 'Last Name' (containing 'h'). A green success message at the bottom of this tab says 'The profile has been saved successful'. The 'Additional Info' tabs show fields for 'Gender' (Female), 'Age' (27), 'Address' (empty), 'Phone' (empty), and 'Hobby' (empty). The final 'Additional Info' tab shows fields for 'Change Password' (with a note '(leave empty to keep current)'), 'Current Password' (empty), 'New Password' (containing '...'), 'Confirm Password' (containing '...'), and a red error message 'Passwords do not match'. A language selection dropdown at the bottom is set to 'English'.

Southern Cross Assessment - Defect report

5) Title: Landing Page for View More Link & Model Link is not loaded in Firefox and Safari- Cross browser issue

Expected Behaviour: Landing Page for View More Link & Model Link should be loaded across all browsers

Priority: Critical (P1)

The screenshot shows a Firefox browser window with the title "Buggy Cars Rating". The main content area displays a line drawing of a sports car. Below the car, there is a blue circular loading icon with radiating lines. At the bottom of the page, there is a copyright notice "© 2016 Buggy Software, Inc." and social media links for Facebook and Twitter.

Below the browser window, the Firefox developer tools Console tab is open, showing several error messages related to CORS requests being blocked due to missing 'Access-Control-Allow-Origin' headers. The errors are from files like 'browser_adapter.js' and 'zone.js'.

Southern Cross Assessment - Defect report

6) Title: Car Model Page is not user-friendly_ Comments are listed without pagination/not allowing horizontal scrolls - User experience issue

Expected Behaviour: User should be able to scroll the table horizontally and vertically, Comments should be listed with pagination/view more option.

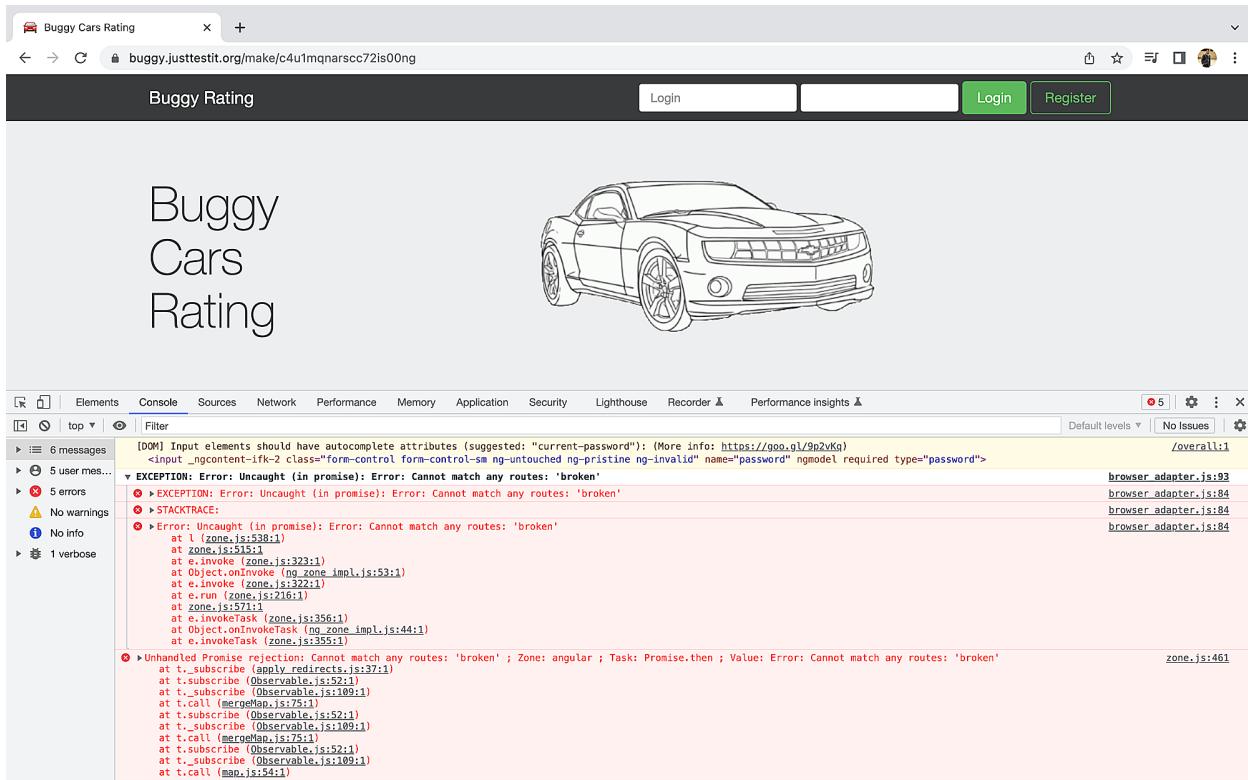

Priority: Critical (P1)

Southern Cross Assessment - Defect report

7) Title: Home page redirection on logo click is broken intermittently

Expected Behaviour: User should be able to land on home page on click of Logo

Priority: High (P2)

The screenshot shows a web browser window with the title "Buggy Cars Rating". The URL in the address bar is `buggy.justtestit.org/make/c4u1mqnarscc72is00ng`. The page content includes the text "Buggy Cars Rating" and a line drawing of a sports car. Below the page content, the browser's developer tools are visible, specifically the "Console" tab of the "Elements" panel. The console output shows several error messages:

- [DOM] Input elements should have autocomplete attributes (suggested: "current-password"); (More info: <https://www.google.com/search?q=invalid+password+form+attribute>)
- EXCEPTION: Error: Uncaught (in promise): Error: Cannot match any routes: 'broken'

Southern Cross Assessment - Defect report

8) Title: Pagination is broken _ User can navigate beyond the available pages

Expected Behaviour: User should be able to navigate only till the available page

Priority: Medium (P3)

The screenshot shows a web browser window for the 'Buggy Cars Rating' website at buggy.justtestit.org/overall. The title bar includes the site name and a gear icon. The header features a dark navigation bar with 'Buggy Rating' on the left and user links 'Hi, h Profile Logout' on the right. The main content area has a light gray background. On the left, there's a vertical text block: 'Buggy Cars Rating'. In the center, there's a line drawing of a silver Chevrolet Camaro. Below the drawing is a table with six columns: 'Make', 'Model', 'Rank', 'Votes', 'Engine', and 'Comments'. A horizontal navigation bar below the table includes arrows for '«' and '»', a page number '6' in a box, and the text 'page 6 of 5'. At the bottom of the page, there's a copyright notice '© 2016 Buggy Software, Inc.' and social media links for Facebook and Twitter.

Southern Cross Assessment - Defect report

9) Title: Invalid Login Error message is displayed even after navigating to other pages
Expected Behaviour: Invalid Login Error message should not be displayed after page refresh/after navigating to other pages.

Priority: Medium (P3)

The screenshot shows a web browser window titled "Buggy Cars Rating". The address bar displays the URL "buggy.justtestit.org/model/c4u1mqnarscc72is00ng%7Cc4u1mqnarscc72is00sg". The main content area has a dark header with the text "Buggy Rating". Below the header, there is an input field with the placeholder "Invalid username/password" containing the text "xas" and another input field with the placeholder "....". To the right of these fields are two buttons: "Login" (green) and "Register" (white). The main body of the page features a large title "Buggy Cars Rating" on the left and a line drawing of a white sports car on the right. Below this, on the left, is the Alfa Romeo logo and the text "Alfa Romeo". In the center is a photograph of a red Alfa Romeo sedan driving on a road. To the right of the car is a "Specification" box containing the text "Engine: 2.9l" and "Max Speed: 307km/h". Below this is a "Votes: 3340" box with the note "You need to be logged in to vote."

Southern Cross Assessment - Defect report

10) Title: User is redirected to home page on click of model image

Expected Behaviour: Appropriate redirection specific to the image

Priority: Medium (P3)

The screenshot shows a web browser window with the title "Buggy Cars Rating". The URL in the address bar is "buggy.justtestit.org/model/c4u1mqnarscc72is00ng%7Cc4u1mqnarscc72is00sg". The main content of the page features a red Alfa Romeo Giulia Quadrifoglio car in motion, with the text "Alfa Romeo" to its left. To the right, there is a sidebar with the text "Votes: 3341" and "Thank you for your vote!". Below the car image, the browser's developer tools are open, specifically the Elements tab. The DOM tree shows the structure of the page, including the Alfa Romeo logo and the car image. The Styles tab on the right shows CSS rules for various elements, including a rule for 'a' (link) elements.

Southern Cross Assessment - Defect report

12) Title: Author field content is not displayed

Expected Behaviour: Author should be displayed if applicable

Priority: Low (P4)

Mito

The style of the *Mito* lives up to the latest news from the Alfa Romeo family in design, onboard experience and in its performance too.

In this way, the smallest Alfa Romeo sporty car hasn't just grown-up: it has become grandiose.

Strength and agility are *Mito*'s strong points. To provide them, Alfa Romeo engineers worked hard on every element of the car, to ensure only the best performance.

Southern Cross Assessment - Defect report

13) Title: Images of few models are not loaded

Expected Behaviour: Images should be loaded for all the models

Priority: Low (P4)

The screenshot shows a list of cars on the 'overall' page of the Buggy Cars Rating website. The cars listed are:

- Lamborghini Diablo: 2 votes, 2365 points, 6.0l engine, nice comment (Mi voto es para este automovil), Hermoso auto, View more link.
- Bugatti Chiron: 20 votes, 193 points, 7.99l engine, FB comment (Has this got only 190 votes?), View more link.
- Lancia Ypsilon: 21 votes, 187 points, 1.25l engine, FB testing using obscene word: fuck, testing using obscene word: fuck, View more link.
- Alfa Romeo Mito: 3 votes, 1678 points, 1.4l engine, testing author name, prueba test, Comentario de prueba, View more link.

Pagination at the bottom indicates this is page 3 of 5.

The screenshot shows a detailed view of the Lancia Ypsilon car on the website. The page includes:

- The Lancia logo and the text "Lancia".
- A large image of the Lancia Ypsilon car.
- A "Specification" box listing:
 - Engine: 1.25l
 - Max Speed: 183km/h
- A "Votes: 187" box.
- A "Your Comment (optional)" input field.
- A "Vote!" button.
